Dear Michelle:

On behalf of the Ohio Valley Chapter of the National Multiple Sclerosis Society, I am writing to thank you for generously giving your time and support to help us raise money for our nearly 5000 clients. Your support is invaluable, and we appreciate your commitment to assist us in our mission to end the devastating effects of MS.

Our clients depend on the information, referrals, programs and services we provide to them. MS is a chronic and unpredictable disease, which creates a tremendous amount of uncertainty in the lives of those affected. With your help, the Ohio Valley Chapter of the NMSS gives them hope for a cause and a cure. Your organization should be proud of its dedication to our mission.

Michelle, I have enjoyed hearing all the positive feedback from our walkers this year, thank you again for your support, please let your staff know how important their involvement is to us.

Sincerely

Linda Stetson  
President, Ohio Valley Chapter  
National MS Society

Every hour of every day, someone is diagnosed with MS... This is why our mission is to end the devastating effects of multiple sclerosis.

The National Multiple Sclerosis Society is proud to be a source of information about multiple sclerosis. Our comments are based on professional advice, published experience and expert opinion, but do not represent therapeutic recommendation of prescription. For specific information and advice, consult your personal physician.
